

LO: To write the biography of an artist.

Have you ever been into the British museum? If you have, you would have certainly been intrigued by a certain artist by the name of Damien Hirst. Having become a huge success since 1988, Hirst has since become a leading art figure in a unique and strange technique.

Britain's most wealthy artist (Damien Steven Hirst) was born in Bristol, in the Summer of 1965 on June 7th. Despite being born in Bristol, he lived in Leeds - as his mother and father split up. He lived with his mother, Mary Brennan. Damien was arrested on two occasions, both for shoplifting. He was that wild!

Damien Hirst shot to fame at a monumental show he curated, entitled "freeze". It was brilliant. Thereafter, Hirst has become a prominent figure in modern art. The man himself famously quoted: "It's amazing what you can do with an E in A-level art, a twisted imagination and a chainsaw."

Damien Hirst's art is commonly influenced by death. Strangely, he was inspired by Andy Warhol! Andy Warhol's work has nothing in similarity with Hirst's, on the other hand, they both used bright colours.

Cutting sharks in half, slicing a cow into ~~per~~ pieces and encrusting a skull with diamonds - this is just some of the art styles Damien Hirst has developed. No one knows what type of art he will paint next....

A great biography full of interesting facts, great sentence openers and some good connectives.

NS Try putting a semi colon into your writing. OK.
