Dear Simon Mission,

This letter is being sent to you, because, I want to say thank you. Thank you for coming to our school, thank you for teaching us about God and thank you for actually being in our school and making us laugh.

I enjoyed the camels (Violetta and Andy) they made me laugh a lot. The games we played were fantastic especially the one Mila helped us play. My favourite thing was the play with the water.

The thing that lightened up my day was learning the dance, it was a beautiful song, that we learnt with Violetta my favourite part was 'and the voice in the wind'. I never thought learning about our faith could be so exciting! I wish you were here for another week but I hope the other school has as much fun as I did.

Thank you,

From Madeleine Jane Astley
