

Dear Mrs Delany-White,

You won't believe where I am! I'm in the RAINFOREST in Brazil. It is really big it is 5.5 million km. There is a JESUS LIZARD that walks on water isn't it AMAZING?! I wish you were here!

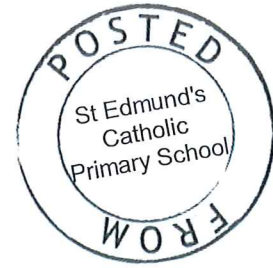

The climate is around 27 degrees. It is very wet. we ate lots of fruit. There are different kinds of layers. One is canopy, understory, forest floor and emergent layer.

HOPE TO SEE YOU SOON!!!!!!!!!!!!

From,

Maddison
